

# Drilling Familiarization Course (DFC) Fact Sheet

## Course Overview

The Drilling Familiarization Course (DFC) provides an in-depth introduction to the principles and practices of drilling operations. This course covers key topics such as drilling rig components, drilling methods, safety procedures, and equipment maintenance. Participants gain valuable insights into the essential aspects of the drilling process and the associated industry standards.

client site training, depending on your personal preferences

learn from an expert trainer with years of experience

Budget Friendly learning

## Who should enroll to this course?

The Drilling Familiarization Course (DFC) is ideal for individuals seeking to enter the drilling industry, including new hires, technicians, engineers, and anyone looking to gain a comprehensive understanding of drilling operations.

This course is valuable for those working in or aspiring to work in oil and gas, geothermal, or mining sectors.

## What does this course Covers?

- Following topics have been covered in the Drilling Familiarizations Course:
- Basic concepts (Drilling, Well and its elements. Well types)
- Role of Drilling in Oil & Gas Production. Drilling Economy
- Safety Basics in Offshore Oil and Gas Sector
- Accidents Overview & Analysis, QHSE, BOSIET, HUET, FOET Overview
- Fire Safety, PPE. H2S, Hydrocarbons Safety Basics
- Petroleum Geology & Oil Field Fluids, Rocks Types. Traps. Shale & Tight Oil & Gas
- Oilfield Exploration (Magnetometry, Gravimetry, Seismic, Exploratory & Appraisal Drilling)
- Offshore Drilling Units and Associated Equipment, Drilling Rig Types & Their Components.
- Fixed, Floating Platforms and Mobile Offshore Drilling Units, FPSO, SS, ROV,AUV
- Blowout Prevention (BOP) & Motion Compensation System
- Drilling & Completing offshore Wells, Formation Damage
- Drilling Fluids Engineering, Casing & Cementing, Formation Tests

- Course Code - 211
- Duration - 2 Day
- Knowledge level - Beginner
- Category - Offshore Oil & Gas
- Offline/ Client Site

## Ready to get started?

Join us for the Drilling Familiarization Course (DFC) to gain valuable knowledge and practical skills in drilling operations. Take the first step towards a successful career in the drilling industry.

## About Us

**Elite Offshore Pvt Ltd**, established in 2015, is a leading provider of Offshore, Marine and Industrial Safety and Skill training and certification programs. With a commitment to safety, compliance, and excellence, we empower professionals worldwide with the knowledge and skills they need for success in their careers.

**Ecademy** was established in 2021, serves as our specialized division, providing customized E-Learning solutions designed to meet the specific needs of the industry. Through Ecademy, we offer the IADC-Accredited RigPass Online Course, alongside other valuable E-Learning programs like IMDG Code Courses, Basic First Aid, and more.
