Who should enroll to this course?

The GMDSS General Operator (Refresher) training is ideal for a variety of maritime professionals. It is particularly beneficial for those who have previously completed GMDSS training and need to refresh their skills, as well as ship crew members involved in vessel communications. Safety officers responsible for emergency procedures and offshore workers in remote maritime environments will also find the course valuable.

Additionally, regulatory compliance officers ensuring adherence to maritime communication regulations can enhance their expertise through this training.
