## What does this course Covers?

- Naturally Occurring Radioactive Materials (NORM) and Manmade Radiation Exposure
- Origin and Presence of NORM:
- Radiation Units and Basic Concepts
- Radiation Types and Characteristics
- Identification and Hazards of NORM
- Radiation Protection Techniques
- NORM Equipment Control and Transportation of Dangerous Goods (TDG) Requirements
- NORM Waste Management
- NORM Sample Collection and Analysis
- NORM Instrumentation and Detection
- Biological Effects and Occupational Exposure Risks

## Ready to get started?

Prepare your team to handle Large Scale Ammonia Refrigeration Systems with confidence. Enroll in the LSA Scale Awareness (NORM) course today and equip your personnel with the essential knowledge and skills to ensure safe operations and effective emergency response.

## About Us

**Elite Offshore Pvt Ltd**, established in 2015, is a leading provider of Offshore, Marine and Industrial Safety and Skill training and certification programs. With a commitment to safety, compliance, and excellence, we empower professionals worldwide with the knowledge and skills they need for success in their careers.

**Ecademy** was established in 2021, serves as our specialized division, providing customized E-Learning solutions designed to meet the specific needs of the industry. Through Ecademy, we offer the IADC-Accredited RigPass Online Course, alongside other valuable E-Learning programs like IMDG Code Courses, Basic First Aid, and more.
