

# Confined Space Entry (CSE) Fact Sheet

## Course Overview

A confined space, such as tanks, vessels, silos, storage bins, hoppers, vaults, pits, manholes, tunnels, has limited or restricted means for entry or exit and is not designed for continuous occupancy. Working in such spaces pose serious risk to health and life of workers. Confined spaces Entry course by Elite offshore is designed to provide essential training on safety procedures and protocols when working in confined spaces.
